

Description of CSM 11

Lighting System

This kitchen chimney uses 2 lamps for good lighting. They make cooking convenient after sunset by lighting up the cooking area.

Auto clean designer

It has a special feature called auto clean for easy maintenance & cleaning. It automatically cleans by using hot steam.

Ductless

In ductless outlets, the fumes or smoke absorbed by the chimney is filtered and recycled back into the room.

Highlights

- Heat resistant tempered glass for front panel
- SS body with brushed steel finish
- 760m³/hr. suction capacity
- LED Lamps for illumination
