

Description of CSM 2

Buttons and Controls

This **AKH 900 CB Hood Chimney** has been provided with a few touch buttons on the front panel in the centre. It is also controllable through a remote provided with the chimney. This chimney allows three speed settings for the vent and that can also be controlled with the remote.

Air Outlet

As far as the air outlet of this chimney is concerned, it has a 90 cm air outlet. The suction capacity is decent with an air flow rate of 850 m³/ hr. The chimney efficiently sucks the smoky pungent air and helps circulate the air in the kitchen to re-establish freshness.

Lighting System

This chimney is fitted with two LED lamps. These LED lamps are instrumental in illuminating the chimney. The light also add its bit to the kitchen lighting thereby adding to its appeal.

Auto clean designer

It as a special features called auto clean for easy maintenance & cleaning. It automatically clean by using hot steam
