

Description of GHSM 06

Dual Purpose Design:

Unique design lets you use it as a gas stove and a hob.

Specially designed Sabaf burner

These Sabaf burners are designed to provide uniform heating and consume lesser gas

Ultra slim body:

World's slimmest design for aesthetic looks

Elegant Design:

The dual color tone and toughened glass surface make it irresistible

One touch auto ignition:

The advanced auto ignition system ensures a flame every time you twist the knob

Continuous spark technology:

Ensures smooth functioning and trouble free service
