### **Features & Functions:**

#### **Rust Proof Plastic Body**

The Popular mixer grinder is made from a highly durable, ABS plastic body. It is easy to maintain and even makes the appliance shock-proof. The ABS body is also rust-proof and all it needs to keep it clean is give it a wipe.

#### **Anti-Skid Feet**

To keep this product stable and in place even while in operation, it has rubber pads on its legs. This keeps the appliance stable while in use and prevents your countertop from marks and damage.

**Powerful Universal Motor AC supply:**

The powerful 750W universal motor which operates with the AC supply of 230V, reduces the hysteresis in the motor core resulting in less temperature rise, thereby increasing the life of the motor.

**Other Important Features**

The Popular 550 W Mixer Grinder runs on a strong 550W of motor and the varied speeds controlled by a regulating knob. A LED power indicator has been included to let the user know when the appliance is ready to start working. A water outlet drain has been specifically placed to make cleaning easy. It lets the excess water drain out.
