3	Dry Grinding Jar	300 ml	Stainless Steel	ABS	White Opaque Lid

Features & Functions:

Design

It as Flow breaker design & has 4 super efficient blades, it contains Juice extractor.

Build quality and material

This Mist mixer grinder is made up of a combination of stainless steel and plastic. Both the stainless steel and the plastic are of good quality and are more durable because of its resistance to corrosion and rust. The body is made up of ABS plastic which is low on maintenance and lasts long.

Powerful Universal Motor AC supply:

The powerful 550W universal motor which operates with the AC supply of 220-240V, reduces the hysteresis in the motor core resulting in less temperature rise, thereby increasing the life of the motor

Other Important features

It is provided with a LED indicator and water outlet to use the mixer grinder comfortably.

Shipping And Packaging: Packaging can be customized accordingly
