### **Features & Functions:**

#### **Stainless Steel Chopping Blades**

The blades are made of stainless steel, which increases the utility, quality and durability of this product. One of the major advantages of stainless steel is that it is resistant to corrosion therefore will last for a long time. So, the **JMG Champ Juicer Mixer Grinder** is absolutely ideal for both dry and wet usage as the blades will remain free from rust even after extensive wet using.

#### **Design and Make**

The ergonomic make of the switch makes it easy to use as well. In spite of its large capacity, this mixer grinder does not take up much space. The weight of this mixer grinder is 4.6 kilograms and comes with anti-skid feet that let you put it on the kitchen slab. The anti-skid feet ensures that the appliance stays on the kitchen counter in a proper manner and does not topple over when in use.

**Powerful Universal Motor AC supply:**

The powerful 550W universal motor which operates with the AC supply of 220-240V, reduces the hysteresis in the motor core resulting in less temperature rise, thereby increasing the life of the motor
